COURSE GUIDE 2026

DIPLOMA IN NETWORKING TECHNOLOGY (ABE UK QUALIFICATION)

ATN Campus

Route to the IT World

LINCOLN UNIVERSITY COLLEGE · abe endorsed · Pearson VUE · EC-COUNCIL · DUBAI Knowledge · cisco Networking Academy Partner · C|EH V13 · TVEC ACCREDITED COLLEGE Reg No : P01/0752 · BRITISH COUNCIL

The Diploma in Network Technology is designed for individuals seeking foundational knowledge and practical skills in computer networking. This programme prepares learners to design, implement, manage, and troubleshoot basic network infrastructures used in modern organizations.

The course covers essential networking concepts including network fundamentals, IP addressing, routing and switching, LAN and WAN technologies, wireless networking, and basic network security.

NETWORK TECHNOLOGY

Embark on a journey to master the intricate world of Network Technology. From fundamental concepts to advanced protocols, you will delve into the core principles that govern the design, implementation, and management of robust computer networks. Highlights of the Network Technology component include:

1. **Networking Fundamentals :** Gain a solid foundation in networking essentials, understanding the architecture and components that form the backbone of modern communication systems.

2. **Protocols and Technologies :** Explore a variety of networking protocols and technologies, from TCP/IP to VLANs, ensuring you are well-versed in the tools that power today's interconnected world.

3. **Security in Networks :** Learn to implement robust security measures to safeguard networks from potential threats and vulnerabilities, preparing you for the challenges of the cybersecurity landscape.

4. **Hands-on Labs :** Apply theoretical knowledge in practical scenarios through hands-on labs, simulations, and real-world projects, honing your skills in configuring and troubleshooting network setups.

WHAT ARE THE BENEFITS IN STUDYING DIPLOMA IN NETWORK TECHNOLOGY AT ATN?

1. Competitive Edge in the Job Market :

Obtaining certifications in Diploma in Network Technology gives you a competitive advantage in the job market. Employers often seek candidates with a diverse skill set, and versatility and proficiency in multiple areas.

2. Industry-Relevant Curriculum :

The program is designed to align with industry needs, ensuring that you acquire the latest knowledge and skills relevant to Diploma in Network Technology. This industry focus enhances your employability and prepares you for real-world challenges.

3. In-Depth Understanding of Network Technology :

The Diploma in Network Technology component provides you with a thorough understanding of networking concepts, protocols, and security measures. This knowledge is essential for roles in network administration, cyber security, and other related fields.

4. Hands-On Learning Experience :

The curriculum includes practical components such as hands-on labs, simulations, and real-world projects. This hands-on approach enhances your ability to apply theoretical knowledge to practical scenarios, ensuring you are well-prepared for the demands of the professional environment.

5. Networking Opportunities :

Studying at ATN Campus provides you with opportunities to connect with industry professionals, fellow students, and faculty members. Networking events, workshops, and seminars contribute to building a strong professional network, which can be valuable for future career prospects.

6. Study Opportunities :

After completing the Diploma Program, student has the opportunity to direct enroll in our Advance Diploma + Bsc Top up Degree.

7. Career Guidance and Support:

ATN Campus is committed to supporting students in their career development. The program may include career guidance sessions, resume workshops, and job placement assistance to help you transition smoothly from academia to the workforce.

8. Adaptability and Future-Proofing:

The dual qualification ensures that you are well-equipped with skills in both network technology and Cyber security. This adaptability is crucial in an ever-evolving technological landscape, allowing you to stay relevant and future-proof your career.

9. Practical Application of Knowledge:

The program emphasizes the practical application of knowledge through real-world projects. This not only enhances your problem-solving skills but also provides you with a portfolio of work that can be showcased to potential employers.

■ COURSE CERTIFICATE

ABE UK

We are accredited and affiliated with the Association of Business Executives (ABE), UK, an internationally recognized, Ofqual-regulated awarding body. This affiliation ensures our Diploma in Network Technology program meet international quality standards and enables learners to gain globally recognised business qualifications that support career advancement and progression to higher education.

■ COURSE DETAILS

|	
Course Name	Diploma in Networking Technology
Duration	06 Months
Class	One Day Class Per Week / 4 Hours
Language	English / Sinhala / Tamil
Certificate	ABE UK Qualification
Class Mode	Online / In-Person
Practical Training	Yes Available

PREREQUISITES

There are no specific entry requirements to enroll in the diploma In network technology course. Anyone with a basic understanding of computers and networking concepts can join. This course is ideal for beginners and IT professionals looking to build or enhance their networking skills.

WHO CAN ATTEND

- Students those who are in IT sector
- IT Professionals
- School leavers
- Everyone who want to make changes that will be extremely beneficial for a company or to explore new jobs in IT

LEARNING METHODOLOGIES

All our courses include the most effective adult learning methodology and techniques. Our experience shows that only a combination of these methods can guarantee the best learning outcomes for attendees.

UP TO DATE CASE STUDIES	MIND MAPPING & BRAINSTORMING
SIMULATION	INTERACTIVE & GAMIFIED TASKS
FACILITATION & REFLECTION	**LEARNING METHODS**	EVALUATION TEST & ASSIGNMENT
PRACTICE - ORIENTATED LECTURE MATERIALS	POST COURSE PROJECT

VENUE - ATN CAMPUS Colombo / Kurunegala / batticaloa

ADDRESS : 507, GALLE ROAD, COLOMBO 06

DIPLOMA IN NETWORKING TECHNOLOGY

- **NETWORKING FUNDAMENTALS**

- **NETWORK INFRASTRUCTURE & CABLING**

- **ROUTING, SWITCHING, AND CLI FUNDAMENTALS**

- **IP SERVICES AND SECURITY CONFIGURATION**

- **WIRELESS NETWORKING**

- **NETWORK SECURITY FUNDAMENTALS**

- **NETWORK TROUBLESHOOTING & TOOLS**

- **CAREER PREPARATION & REAL-WORLD APPLICATION**
